This is Mr Orlando Acosta power of attorney for Mr Michael Hickson not only am I the power of attorney for Mr Hickson in this matter but his Peco account is under my LLC so either I can come in as the power of attorney as it has already been ruled by the US supreme Court by case law rulings or I can come in this matter as a plaintiff which one is it going to be because Mr hickson's account is under my company name but I will speak in this matter and I will be notifying the department of Justice and the IRS about this court case and the issues already arising in this case and I will be stating the violation that is occurring at this time and we will be added this email on the docket and sending it to the judge thank you
